

Elementary Art Festival

April 6, 2019

10am – 11:20am OR 1pm – 2:20pm

Tri-Valley Elementary School

Hello!

You are receiving this letter because your student is enrolled in an intermediate level studio art class. As a part of their studio class, your student will be participating in our annual Elementary Art Festival held at Tri-Valley Elementary School on April 6th.

Working in groups, the student's objective is to plan, organize, promote, and teach a 30-minute workshop to our participating K-3rd graders and their families.

This is a *Service Learning* project, meaning that not only are they performing volunteer services, they are also meeting specific learning objectives. Through this experience, your student will gain a sense of what it means to serve, civic responsibility, and what it means to be a part of something bigger within the Downs community. And equally as important, our youngest Vikings will be able to participate in multiple hands-on art workshops with their families and friends!

Because this event is on a Saturday, I can not grade your student's participation or attendance. However, I highly encourage their participation because without them, their workshop that they are planning would be canceled. Please fill out the following information below and return by Tuesday, March 19th.

Students Name: _____

My student CAN attend the Elementary Art Festival

My student CANNOT attend the Elementary Art Festival*

*If they cannot attend, they need to have a note from a coach, doctor or other source explaining why they can not participate in this service learning experience.
